"NMOTO recreates the sexiest BMW motorcycle ever, the mythological R7"

FORBES.COM
Collectors know that vintage motorcycles require constant maintenance and attention, which is why they are more often kept as collectibles than for utility. NMOTO believes that the primary pleasure in motorcycle ownership is in riding, which is why we created the Nostalgia project. Beyond just being beautiful, it is reliable and comfortable enough to drive every day.

“One of the most important, innovative and visually stunning BMW motorcycles ever produced”

BMW MOTORCYCLE MAGAZINE (ISSUE #3)

NMOTO STUDIO

In creating the Nostalgia motorcycle, we wanted to pay proper homage and respect to our inspiration. We also wanted something that was more than a collectable.

The Nostalgia was designed to be a motorcycle you can actually ride comfortably on a daily basis.
